FREIGHTMEN TIE UP TRAFFIC

BUFFALO, August 16.—Hundreds of freight handlers have gone on strike here and as a consequence the traffic via the Great Lakes is pretty well tied up. The men are demanding shorter hours, and more pay. There has been no violence as yet although police reserves have been ordered to guard the docks.

TAFT SCORES ALL ROOSEVELT REPUBLICANS
WASHINGTON, August 16.—In the first public address he has made since he accepted the nomination of his party, Mr. Taft bitterly attacked the electors they will vote for Theodore Roosevelt. The President declared that "such an act is dishonest and the men guilty would be false Republicans."

MINISTER AND FAMILY DEAD FROM ALLEGED POISON
ROCKYFORD, Colorado, August 16.—Gustav Latzke, a German Lutheran minister here, together with his wife and two children, were found dead in their home this morning. The autopsy disclosed facts that lead the surgeons and the police authorities to believe that the whole family was poisoned by some friend.

ROOSEVELT OPENS COMING CAMPAIGN
PROVIDENCE, Rhode Island, August 16.—Colonel Roosevelt opened his campaign on the third party here tonight, with a bang and a whoop, before an enormous crowd that proved most enthusiastic. He again outlined his platform and the issues upon which he says he stands, in his usual style.

MOHAMMEDANS ON RAMPAGE.
CETTINJE, Montenegro, August 16.—Reports have reached here of a bloody massacre of Christian women and children by bands of marauding Mohammedans who have, it is said, sacked many small Albanian villages and put the weak and helpless to the sword. The houses have been fired and the standing grain trampled down in the fields.

BOY CONFESSES HE POISONED PARENTS
SANTA ROSA, California, August 16.—Adam Clark, aged fifteen years, confessed to the police tonight that he is guilty of having poisoned his father and mother and some of the neighbors in "revenge." His mother is dead and his father, although in agony and dying, is still fighting hard for life. One of the neighbors is seriously ill, and it is feared will die.

gress, the first woman to be executed in the history of the Old Dominion,

was sent to her death in Richmond, Va., in the electric chair yesterday morning, for the murder of Mrs. Ida Celote, 72 years of age, a white woman, at Hampton, Virginia.

A near-riot was precipitated in the house last night when Sherman Emory of the house committee brought in a special rule to expedite the conference on the postoffice appropriation bill.

Minority Leader Mann charged that the rule would have the effect of preventing a vote on the senate amendment creating a parcel-post and that it was no more than a gag to prevent a test of the real attitude of the house towards the legislation.

CHICAGO IS CROOKS' HOME

Chicago is a paradise for swindlers, says an exchange. "In Chicago," says an exchange, "there are no honest men who do not exist, ten-acre tracts where nothing but seaweed and typhoid germs will thrive, and those drooping, black, mustached fellows whose game is one variation or another of the old 'which shell is the pea under' game, and 'easy pickings' here. To those individuals who use the mails to defraud on the lake, nothing more than 'Javay on the Lake.' This all became known today when James H. Wilkinson, United States district attorney, and half a dozen United States postoffice inspectors in the Chicago district commented on the annual report of Postmaster General Hitchcock, made public in Washington today. The report set forth that swindlers during the fiscal year that closed July 1 reaped the record harvest of \$120,000,000 by fraudulent use of the mails. During the year the postoffice inspectors trapped 1663 of the 'come on' men at their games, but, in the words of Davy Crockett, 'the woods are still full of 'em.' One-Tenth Operates Here.

"More than 10 per cent. of the confidence men who are so successful in the United States operate here in Chicago," declared District Attorney Wilkinson. "We have cases of all kinds. The 'green goods' man, the fake gold mine, the rubber plantation on which no rubber grows, the farm lands that are under water—oh, yes, we have 'em all. There are 'bucket shops,' warehouses, mail order concerns, manufacturing plants and every conceivable scheme, the sole object of which is to separate the fool on his money."

"We had a case not long ago in which the defendant contracted through the mails to sell the 'come on' a whole satchel full of counterfeit money for a few real dollars. Then we had a fellow who advertised that he could grind \$1 bills from a machine of his invention faster than a Milwaukee avenue butcher can grind out imported German frankfurters. "Con Games" Numerous.

"Fake mail order concerns are numerous. You can't count the number of mining companies that are 'gold bricks.' When people get 'stung' they rush to the government to see if they can't somehow get their dollars back. When the patrons 'sneak' is when we get on the swindler's trail. There are so many varieties of 'con' games worked that it is a difficult task to catalogue them all."

"Swindlers? Say, the town is full of 'em," said one of the postoffice inspectors under General James E. Stuart, inspector in charge. "It strikes me that Chicago people will buy everything. When I see a crowd in the street blockading traffic I expect to find a man selling stock in the Golden Moon Gold Mine Company. If he gets arrested for blocking the street, the fellow will probably sell the 'cop' a block of stock on the way to the station. All the 'fall guys' aren't in the little towns. Most of them are here in Chicago. Schemes Are Simple.

"The schemes these fellows work are simple. The victim stands no show. He is sold stock in gold mines where there is no gold, and the only rubber plantations where the little band that keeps the incorporation paper from unravelling. The 'come on' buys land to which the seller never had a title and probably never saw."
